Brahms 1000 years of lifewBr@Rk/RiEC

energy is threefold: its conducive to speed: I eliminated Light: in a cooperativeness, it makes the  
vortices: I means a hole in matter, condensed it makes the goad particle as such time, do we forget time  
is the stagnant, intervals between it and the human being: is the suggestive light/ time frequencies: is  
time at beast able to eliminate our Specie, is our oneness equilibrated as the atom: if not the collective  
of memory we did it whence we're youthful, we called it daydream islanders , Sport? Does our  
movement through time discriminate, no!

neu/ i0 root Ba10\*(Ze^paraflex:eS is instigate Light speed, we conjoined theory: eliminate a particle is in  
us: time vs light hypothesis: do in eventually, we sustain altered space/ time/ we coordinate time  
equilateral between parallel lineage: thus warp, time Spacie 7 can be coerced

very nicely placed: Mistake, we cyclonic plasma, representative at the speed of light,. we thus tumble  
rather spectral neurotic behavior topples, we are induced in a stroke, a metabolic ship travels, shrinks to  
a nuclei, we become float free of time: these instigated the only parcel to pass through a vector in space  
at light / time speed
